Opinion	Responsive Action Plan (Provide Narrative Response)	Status of Responsive Action	Estimated Date of Full Implementation of Responsive Action
[Concur]	<p>While the COG-RA outlines PMDs in school it does not include the testing environment. We will provide clarity for PMDs not being used during district or classroom assessment and testing. Any technology tool utilized during testing will be one provided by the district to ensure test security. To appropriately communicate this, we will do the following:</p> <ol style="list-style-type: none"> 1. Meet with the testing unit in Shared Accountability, principal PLC (Professional Learning Community) leads, and SSWB (School Support & Well Being) directors to ensure that the language is appropriate around testing. 2. Add language specific to the testing environment in the COG-RA 3. Communicate via memo to all principals about updated COG-RA language and expectations during testing] 	[Not Yet Implemented]	[1/1/2024]

Recommendation 2: Collaborate with schools to ensure compliance with the requirement to post PMD guidelines on the website.

Opinion	Responsive Action Plan (Provide Narrative Response)	Status of Responsive Action	Estimated Date of Full Implementation of Responsive Action
[Concur]	<p>[Due to the variance noted in the report, principals need clarification on how the PMD school policy is communicated on the website. Furthermore, there needs to be a uniform way to display the policy, so it is clearly identifiable to the community. Therefore, we will do the following:</p> <ul style="list-style-type: none"> • Work with the communication web design team to create a badge for each school website that points to the local school PMD policy • Write a memo that outlines explicit directions for how to post the PMD local school guidelines on their websites. Include in the memo a reminder about the regulation and what should be included in the local PMD policy] 	[Not Yet Implemented]	[1/1/2024]
