Version 4.0

- Conditions trending positive: Future facility needs may include possible preventive maintenance (where applicable) and minor repairs (corrective maintenance) to possibly few or some subcomponents.
- Conditions needing review: Future facility needs may include minor repairs to several sub-components; or significant repair, rehabilitation or replacement of one or more subcomponents, but not enough to encompass the component-section as a whole; or combinations thereof.
- Conditions nearing the end of anticipated life span: Future facility needs may include major repair, rehabilitation or replacement to the component-section as a whole.
