Personal Mobile Devices

I. PURPOSE

To establish procedures for possession and use of personal mobile devices by students who are on Montgomery County Public Schools (MCPS) property or engaged in MCPS-sponsored activities.

II. DEFINITION

- A. *A personal mobile device (PMD)* refers to any non-MCPS-issued device used to send or receive data via voice, video, or text. Mobile phones, e-readers, tablets, personal computers, smart watches, or other devices equipped with microphones, headphones, speakers, and/or cameras are all considered PMDs.
- B. *Principal/designee* refers to the administrator responsible for a school or office, as appropriate.
- C. *MCPS property* is defined as any school or other MCPS facility, including grounds owned or operated by MCPS, MCPS buses and other MCPS vehicles, and the facility and/or grounds of any MCPS-sponsored activity involving students.
- D. *Student Day* starts at the time that students arrive and ends at the time of dismissal. Student Day also includes the instructional times for students attending extended day and extended year instructional programs.

III. PROCEDURES

- A. When using the Internet and the MCPS network, MCPS students must adhere to the provisions of this regulation and the standards of conduct established in MCPS Regulation IGT-RA, *User Responsibilities for Computer Systems, Electronic Information, and Network Security*, and the Student Responsible Use Guidelines, found in section IV of this regulation.
- B. Students may possess PMDs on MCPS property and at MCPS-sponsored activities. Students are allowed to turn on/use PMDs only as described below:
1. All schools: Students with special needs, learning differences, or disabilities, including but not limited to students with an Individualized Education Program (IEP) or 504 Plan, when the PMD is used to support or provide an accommodation, service, or support for the student's special need(s), learning difference, or disability. When addressing the use of a PMD to provide an accommodation for a student who does not have an IEP or 504 Plan, such use will be determined by the principal, in coordination with school staff.
 2. Elementary school students may use PMDs before and after the student day. Elementary school students are not permitted to use PMDs during instructional periods, lunch periods, or between classes/during transitional time.
 3. Middle school students may use PMDs before and after the student day. Middle school students are not permitted to use PMDs between classes/during transitional time. Instructional use may be permitted at the teacher's discretion. Use during lunch periods may be permitted at the principal's discretion, in collaboration with the school leadership team.
 4. High school students may use PMDs before and after the student day and during the student lunch periods. Instructional use may be permitted at the teacher's discretion. Use between classes/during transitional time may be permitted at the principal's discretion, in collaboration with the school leadership team.
 5. Students riding to or from school or school-sponsored activities on MCPS or commercially chartered buses may use PMDs, as long as such use does not impact the safe operation of the bus and is compliant with this and other related MCPS regulations.

6. Students are responsible for ensuring that their PMDs are turned off and kept out of sight during times of unauthorized use.
 7. Students are responsible for ensuring that their PMDs are managed securely at all times.
- C. MCPS uses filtering and other technological measures to limit students' ability to access harmful Internet sites. Access through private cellular networks does not provide the same measures of filtering; therefore, while on MCPS property, students must use the MCPS network (i.e., not private cellular networks) for Internet access. If a student uses a PMD to access the Internet on MCPS property but is not on the MCPS network, the student remains obligated to comply with the requirements of this regulation.
- D. No one, including but not limited to MCPS students and staff members, may place a PMD on the MCPS network that monitors, analyzes, or may cause disruption to the MCPS network.
- E. No students will change or delete files belonging to others.
- F. MCPS monitors and reserves the right to investigate all PMDs and PMD activity on the MCPS network.
1. PMDs may be confiscated by school authorities if they are used in a manner inconsistent with Montgomery County Board of Education policies or MCPS regulations or rules.
 2. Principals may temporarily suspend the use of PMDs on MCPS property if they are used in a manner inconsistent with this or other Board policies, MCPS regulations, or rules.
- G. In accordance with the Student Code of Conduct in MCPS, information may not be communicated using a PMD if it violates the privacy of others, jeopardizes the health or safety of students, is obscene or libelous, causes disruption of school activities, plagiarizes the work of others, or is a commercial advertisement.
- H. Any student who violates this regulation will be subject to disciplinary action, in accordance with the Student Code of Conduct in MCPS.

IV. RESPONSIBLE USE GUIDELINES

By using the MCPS network with a PMD or MCPS-owned device, students agree to adhere to the following Student Responsible Use Guidelines:

- A. Students will use the MCPS network productively, appropriately, and for school-related purposes and will avoid using any technology resource supplied by either the district, the student, or the student's family in such a way that would disrupt the activities of other students and staff members.
- B. Students will use email and other means of communication (e.g., Twitter, blogs, wikis, podcasting, chat, instant-messaging, discussion boards, virtual learning environments) responsibly.
- C. Students will give acknowledgment to others for their ideas and work.
- D. Students will keep personal information (including home/mobile phone number, mailing address, and user passwords) and that of others private.
- E. Students will report inappropriate use of technology immediately.
- F. Students understand that MCPS administrators will use regulations and policies (e.g., MCPS Regulation IGT-RA, *User Responsibilities for Computer Systems, Electronic Information, and Network Security*) to deem what conduct is inappropriate use, if such conduct is not specified in this regulation.
- G. Students understand that all MCPS equipment, the MCPS network, and the student's MCPS network account are the property of MCPS that must be used for educational purposes only and can be monitored, logged, and archived.
- H. Should students violate Board policies or MCPS regulations or rules, students understand that the consequences of their actions could include suspension of computer privileges, disciplinary action (as set forth in the Student Code of Conduct and related regulations), and/or referral to law enforcement.

V. RESPONSIBILITY/LIABILITY

MCPS will assume no responsibility or liability for loss, theft, or damage to a device or for the unauthorized use of any such PMD.
