Request for Proposal No. 4414.1, Apprenticeship Programs

1.0 INTENT

The purpose of this Request For Proposal (RFP) is to solicit and engage one or more professional and knowledgeable organization(s) (agency, company, corporation, consultant, etc.) to provide opportunities for high school students to engage in apprenticeship programs, defined in Montgomery County Public Schools (MCPS) as a voluntary, industry-driven program that is sponsored by employers, employer associations, and jointly by management and labor. The apprenticeship programs are intended to better prepare students for the world of work. MCPS is looking for vendors who can embed the apprenticeship opportunity prior to students' graduating from high school and can follow-up with opportunities to continue in both the labor and higher-education sectors. Vendors must have experience in implementing apprenticeship programs in school districts. Additionally, ideal vendors will have demonstrated experience in successfully supporting students transitioning from high school to the world of work.

2.0 INTRODUCTION

MCPS is the 17th largest school system in the United States, and the largest in the state of Maryland. During the 2016–2017 school year, it is projected that MCPS will serve more than 160,000 students from 157 countries speaking 138 languages. With a Fiscal Year (FY) 2017 Operating Budget of approximately \$2.46 billion, MCPS employs more than 22,500 employees. Among the 204 schools that MCPS operates, 37 are National Blue Ribbon schools. Six MCPS high schools rank in the top 200 of *The Washington Post's* 2015 High School Challenge, and all 25 MCPS high schools appear on this list, which only includes the top 11 percent of high schools in the country. MCPS has one of the highest graduation rates among the nation's largest school districts, according to an *Education Week* report. In 2010, MCPS was the recipient of the Malcolm Baldrige National Quality Award, the highest presidential honor given to American organizations for performance excellence. The student demographics of MCPS in 2016 are as follows:

White: 29.3%
Hispanic/Latino: 30.1%
Black or African American: 21.3%
Asian: 14.3%
Two or more races: ≤ 5.0%
American Indian or Alaskan Native: ≤5.0%
Native Hawaiian or other Pacific Islander: ≤5.0%
Students receiving free & reduced-price meals (FARMS): 34.6%
Students ever receiving FARMS: 43.3%
English for speakers of other languages (ESOL): 14.6%
Students receiving special education services: 11.7%

Options for Career Readiness in MCPS

MCPS offers multiple career exploration options including several pathways that lead to industry certifications. Below are short descriptions of options at the high school level:

- **Science, Mathematics, Computer Science Magnet Program**

This program offers traditional high school offerings, Advanced Placement and Honors courses, unique opportunities with partners and mentors from research and business, and specialized magnet courses.

- **Whole-School Magnet**

Poolesville High School offers unique courses in three rigorous and exciting houses: the Global Ecology House, the Humanities House, and the Science, Mathematics, Computer Science House.

- **Visual Art Center**

Visual Art Center (VAC) students are part of a dynamic, creative arts community that focuses on students producing a strong visual art portfolio to earn AP credit and to gain admission and scholarship to top universities, liberal arts colleges and art school programs.

- **Thomas Edison High School of Technology**

A group of professional career pathway programs available to students enrolled in MCPS high schools.

- **Signature Programs**

A number of high schools have created signature programs that integrate a specific focus or distinguishing theme with the skills, concepts, and instructional strategies of some portion of a school's curriculum. In some cases, the school may adopt a schoolwide signature focus.

- **Career & Technology Education Pathway Programs (CTE)**

MCPS groups careers into 11 different clusters to help direct students toward focused programs of study, with high school plans to align courses with future career goals. Most programs of study include the opportunity to earn college credit at Montgomery College and other institutes of higher learning.

- **Foundations Programs**

The Automotive, Construction, and Information Technology Foundations provide classroom, lab settings, and authentic real world experiences for students. Exciting career pathways prepare students for a wide range of postsecondary options within the automotive, construction and information technology industries.

Many MCPS students also have opportunities to participate in a variety of career exploration activities and internships that stem from partnerships with local community workforce organizations such as the Montgomery County Business Roundtable for Education (MCBRE) and Junior Achievement as well as individual organizations, local business, nonprofits and government agencies. As we evaluate the current state of opportunities for all students in MCPS, we continue to strive to improve equity in access for every MCPS student as well as innovation from current programs to align to better prepare

our students for the future demands in the world of work. This RFP aims to find vendors who can assist the district as it furthers its knowledge and programs as it relates to apprenticeship opportunities.

3.0 SCOPE OF SERVICES

MCPS seeks proposals that demonstrate the ability of vendor(s) to provide comprehensive programs for students interested in an apprenticeship opportunity that starts during their high school career and extends beyond their graduation from MCPS. Vendors are requested to review the comprehensive list of career pathways currently available in MCPS (see Appendix A) for potential connections with existing programs of study and certifications. The school system also is willing to entertain other career options not offered by the school system and/or the state.

The vendor(s) will provide services for approximately 60 students per year from approximately 10 high schools. The number of schools could expand over time. Eligible students must be on track to graduate lacking no more than three graduation requirements/CTE completer courses. Students will leave their home school in their senior year and participate in classes offered off-site during the school day either online or through face-to-face instruction. In order to develop the necessary career readiness and “soft-skills”, the students must participate in a job or internship during their senior year. Students also will be expected to enroll in a career apprenticeship program following their senior year.

MCPS and the vendor(s) will identify students who are eligible for the program. Eligible students will apply to the program, completing an application that includes an employer recommendation, recommendations of school staff, completion of identified prerequisite courses, enrollment in a CTE program of study, proficient scores on identified state assessments, and attainment of a specified grade point average. The 60 participating students will be selected based on their application.

The vendor(s) will work with MCPS to provide academic services, including but not limited to liaising with the community college for dual enrolment opportunities to ensure that students complete high school graduation requirements; hire qualified staff; provide job-skill training and support in navigating the world of work and employer relationships; identify and assign each student a mentor or coach to work with students and maintain contact with employers; and identify business partners and place students in approved apprenticeship programs. It will be the responsibility of the vendor(s) to ensure that all businesses comply with federal and state regulations, and Montgomery County Board of Education Policies and MCPS Regulations.

Success will be evaluated based on students' course completion to fulfill high school graduation requirements; students' attainment of CTE program completers and industry certifications; program attendance, student placements in apprenticeship program; successful completion of apprenticeship programs; employment in field related to apprenticeships and other measured mutually agreed upon MCPS and the vendor(s).

4.0 CONTRACT TERM

The initial term of contract shall be for one year as stipulated on the RFP. However, the contract may not begin until one day after approval by the Montgomery County Board of Education and will conclude as stated under the contract term. MCPS reserves the right to extend this contract at existing

prices, terms, and conditions for up to three additional terms for one (1) year each. Written notice indicating MCPS' intention to pursue the extension of the contract will be issued to the successful vendor 90 days prior to the expiration of the original contract. The vendor shall have ten (10) days from the date of notification to return the notice acknowledging its intent to accept or reject the extension.

Once all responses are evaluated, MCPS staff may make a recommendation to the Board to extend the contract or decide to rebid. If the contract is extended by the Board, a contract amendment will be issued.

5.0 CONTRACT TERMINATION

MCPS reserves the right to cancel the contract in whole or in part at any time in accordance with Article 26, MCPS General Contract Articles. MCPS also reserves the right to cancel the contract with a specific offer or for failure to comply or failure to fulfill the terms of this contract.

6.0 REFERENCES

All offeror's shall include a list of a minimum of five references who use the vendor services who can attest to their quality of work and, if possible, shall include school districts of comparable size to MCPS that have utilized the respondents' services. Include names of client, contact person, email address and phone number of all references. Also, as an attachment, offeror's shall include a list of all current school district clients.

In determining the qualifications of an offeror, MCPS will consider the offeror's record and performance of any prior contracts with MCPS, federal departments or agencies, or other public bodies, including but not limited to the offeror's record providing such detailed programs/services as described in Section 3.0 to MCPS or other schools or school districts. MCPS expressly reserves the right to reject the proposal of any offeror if the investigation discloses that the offeror, in the opinion of MCPS, has not properly performed such prior contracts or has habitually and without just cause neglected the payment of bills or has otherwise disregarded its obligations to subcontractors or employees.

MCPS may conduct any necessary investigation to determine the ability of the offeror to perform the work, and the offeror shall furnish to MCPS all such information and data requested, such as information about its reputation, past performance, business and financial capability and other factors that demonstrate that the provider is capable of satisfying MCPS' needs and requirements for a specific contract. This restriction does not limit the right of MCPS to use or disclose technical data obtained from another source without restriction.

Any binding information given to an offeror in response to a request will be furnished to all offerors as addenda/errata, if such information is deemed necessary for the preparation of proposals, or if the lack of such information would be detrimental to the uninformed offeror's. Only such addenda/errata, when issued by MCPS, will be considered binding on MCPS.

Contact by offeror's with any other MCPS employee regarding this solicitation until the contract is awarded by MCPS will be considered by MCPS as an attempt to obtain an unfair advantage and result in non-consideration of its RFP response. 18.0 UNNECESSARILY ELABORATE BROCHURES

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective proposal are not desired and may be construed as an indication of the offeror's lack of cost consciousness. Elaborate art work and expensive visual and other presentation aids are neither necessary nor wanted.

19.0 BID PROTESTS

Any bid protests, including appeals, will be governed by the applicable MCPS Procurement Unit Regulations. The burden of production of all relevant evidence, data and documents and the burden of persuasion to support the protest is on the offeror making the protest.

20.0 CONTRACT

MCPS plans to enter a contractual agreement with an online digital curriculum provider(s) to whom the award is made and intends to make the attached MCPS General Contracting Articles a part of the contract, except and unless modified by MCPS. **Articles 29 and 30 are not applicable to this RFP.** Proposals must clearly identify any variances from or objections to the specifications in this RFP and the terms and conditions of the MCPS General Contracting Articles. Lacking any response to the contrary, MCPS will infer that the offeror agrees to the specifications of this RFP and each term and condition of the MCPS General Contracting Articles. In particular, the insurance and indemnification provisions set forth in Section 33 of the MCPS General Contracting Articles are non-negotiable. In addition to and consistent with Article 15 of the MCPS General Contracting Articles, the Contract shall include additional data sharing provisions regarding "Confidential Information" as defined in Article 15, including personally identifiable student information, as required by MCPS policies and regulations and applicable law.

ARTICLE 1. DESCRIPTION/SPECIFICATIONS

For the purposes of these MCPS General Contracting Articles, MCPS includes Montgomery County Public Schools (“MCPS”) doing business on behalf of the Board of Education of Montgomery County, as well as the Board of Education of Montgomery County. In addition, the term “contractor” refers to the entity awarded this contract pursuant to authorization by MCPS in accordance with applicable laws.

The contractor shall, in conformance with the provisions set forth herein, furnish all personnel, materials, services, and facilities necessary to perform the requirements of the statement of work and the contractor’s proposal.

ARTICLE 2. MCPS PROJECT CONTACT

- a) The MCPS project contact is responsible for the technical aspects of the project and technical liaison with the contractor. The MCPS project contact also is responsible for the review and approval of any and all deliverables including reports, and such other responsibilities as may be specified in the contract.
- b) The MCPS project contact is not authorized to make any commitments or otherwise obligate MCPS or authorize any changes which affect the contract price, terms, or conditions. Any contractor requests for changes shall be referred directly to the director of the Department of Materials Management. No such changes shall be made without the written authorization of the director of the Department of Materials Management.
- c) The MCPS project contact may be changed at any time, but notification of the change, including the name and address of the successor MCPS project contact, will be provided to the contractor in writing.

ARTICLE 3. PERSONNEL

The following personnel of the contractor are considered to be essential to the work being performed. Prior to diverting any of the specified individuals to other programs, the contractor shall notify the MCPS project contact reasonably well in advance and shall submit justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on the program. No diversion shall be made by the contractor without the written consent of the MCPS project contact. However, the MCPS project contact may ratify in writing such diversion; and such ratification shall constitute the consent of the MCPS project contact required by this clause. The following listing may be amended from time to time during the course of the contract to either add or delete personnel, as appropriate. Failure to obtain the approval of the MCPS project contact as required or to propose replacement personnel acceptable to

MCPS reserves the right to require that the contractor replace any individual charged to the contract at any point during the contract period if it determines that this action is in its best interests. In such case, the written authorization of both the director of the Department of Materials Management and the MCPS project contact is required. In the notification to the contractor, MCPS shall stipulate the last day the person's time can be billed to the contract or how long the person can be involved in contract activities.

ARTICLE 4. MCPS CONTRACT ADMINISTRATOR

For day-to-day operational problems and for technical questions, the contractor may contact the MCPS project contact.

ARTICLE 5. STATEMENT OF WORK

The contractor agrees, in consideration of the price stated in ARTICLE 7, to do the work described in the contract in a professional manner according to industry/professional standards.

The contractor shall obtain any licenses or permits necessary for performance of the work. In the event the services to be provided by the contractor must by law be provided by individuals who are licensed and/or certified, the contractor shall only assign individuals to provide services under the contract who are licensed and/or certified in accordance with applicable law. Additionally, the contractor shall only assign individuals who have been credentialed by the contractor to provide the specific professional services required by the contract. All such individuals assigned by the contractor to provide services shall maintain their license and/or certification in good standing with current credentials (not under review or subject to suspension) during the entire term of the contract. The contractor shall prior to providing services, submit documentation that the individuals assigned to provide services are properly credentialed and are licensed and/or certified to the MCPS project contact.

ARTICLE 6. DELIVERABLES

All deliverables shall be submitted to the MCPS project contact according to the kinds and dates indicated in the contract.

ARTICLE 7. PRICE

This will be a firm fixed contract based on the terms and conditions set forth in the contract.

ARTICLE 8. PERIOD OF PERFORMANCE

The initial term of contract shall be for two years. However, the contract may not begin until one day after approval by the Board of Education of Montgomery County (Board of Education). After the initial contract term, MCPS reserves the right to extend up to three additional one (1) year terms if agreed to by both parties. If MCPS requests and the contractor agrees to provide additional services not contemplated herein, MCPS agrees to pay the cost of the additional services, as invoiced by the contractor, in accordance with the terms of any future agreement to provide the additional services.

ARTICLE 9. SUBMISSION OF VOUCHERS

All Contracts

The contractor's vouchers shall be approved for payment by the MCPS project contact only after the inspection or other evaluation has been completed by the MCPS project contact and after the MCPS project contact is satisfied that the contractor is performing the work and has prepared the voucher as required by the contract.

ARTICLE 10. INSPECTION AND ACCEPTANCE

MCPS, through any authorized representative, has the right at all reasonable times to inspect, or otherwise evaluate, the work performed or being performed at the premises on which it is being performed. If any inspection or evaluation is made by MCPS on the premises of the contractor or a subcontractor, the contractor shall provide and shall require their subcontractors to provide all reasonable facilities and assistance for the safety and convenience of MCPS representatives in the performance of their duties. All inspections and evaluations shall be performed so that they will not unduly delay the work.

ARTICLE 11. PAYMENT

Within 30 days after receiving of each invoice and accepting the work, MCPS shall, except as provided in this contract, pay for the work performed when approved by the project contact and director of the Department of Materials

Management. A payment schedule will be jointly developed between MCPS and the contractor.

ARTICLE 12. WITHHOLDING OF CONTRACT PAYMENTS

Despite any other payment provisions of this contract, failure of the contractor to submit required reports when due; or failure to perform or deliver required work, supplies, or services; or failure to deliver acceptable work, supplies, or services will result in withholding payments under this contract unless such failure arises out of causes beyond the control and without the fault or negligence of the contractor as defined by the clause entitled "Excusable Delays" or "Termination for Default or for Convenience of MCPS," as applicable. MCPS shall promptly notify the contractor of its intention to withhold payment of any invoice or voucher submitted.

ARTICLE 13. SERVICES OF CONSULTANTS

The contractor is prohibited from using the services of MCPS employees in performing this contract. Former employees may be used, provided that a 12-month period has elapsed since their last employment at MCPS. In accordance with Board of Education Policy BBB, *Ethics*, a former MCPS employee, official, or Board of Education member may not assist or represent the contractor for compensation in any case, controversy, dispute, contract or other specific matter involving MCPS, if that case, controversy, dispute, contract, or other specific matter is one in which the former employee, official or Board of Education member significantly participated as an employee, official, or Board of Education member. Failure to adhere or comply with this requirement constitutes a material breach in which MCPS reserves the right to impose sanctions, up to and including suspension of the contract, withholding of payment, rescission, or termination of the contract.

ARTICLE 14. PUBLICATION AND PUBLICITY

The contractor shall not publish or otherwise publicize the methods employed or results achieved until the work performed has been accepted by MCPS. In addition, the contractor shall not (a) originate any report, publication, publicity, news release, or other announcement, written or oral, relating to this contract; or (b) use any names, trademarks, or logos of MCPS without consultation and consent by MCPS, except as necessary to perform the services in this contract. To the extent that MCPS agrees to any publication regarding this contract, the contractor agrees to abide by the following terms:

- a) The primary purpose is to disseminate information about the work rather than to promote the contractor's accomplishments or knowledge.
- b) Publication or presentation prominently displays or acknowledges MCPS

financial support as follows: (i) the contents of this publication do not necessarily reflect the views or policies of MCPS; and (ii) the mention of trade names, commercial products, or organizations does not imply endorsement by MCPS.

- c) Confidentiality of students and their families is maintained at all times and the contractor abides by all terms and conditions of any data-sharing agreement between the parties.

ARTICLE 15. DATA COLLECTION AND CONFIDENTIAL INFORMATION

Questionnaires, survey instruments, or any other form of data collection from more than nine persons must be reviewed by the MCPS Office of Shared Accountability and approved by the chief academic officer prior to use as required by MCPS Regulation AFA-RA, *Research and Other Data Collection Activities in Montgomery County Public Schools*.

The contractor shall comply with all federal, state, and local laws, regulations, and ordinances applicable to this project, including but not limited to the requirements of the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. § 1232g, and its implementing regulations (34 C.F.R. part 99), the Children's Online Privacy Protection Act ("COPPA"), 15 U.S.C. § 6501-6505, and its implementing regulations (16 C.F.R. § 312, *et seq.*), the Protection of Pupil Rights Amendment, ("PPRA") 20 U.S.C. § 1232(h) and its implementing regulations (34 C.F.R. § 98.1 *et seq.*), the Maryland Student Privacy Act of 2015, Md. Ed. Code Ann., §4-131, Code of Maryland Regulations (COMAR) 13A.08, as well as applicable Board of Education policies and MCPS regulations, including but not limited to MCPS Regulation AFA-RA, *Research and Other Data Collection Activities in Montgomery County Public Schools*, MCPS Regulation JOA-RA, *Student Records*, and MCPS Regulation JFF-RA, *Federal Requirements for Use of Protected Student Information*.

Access to Confidential Information

To assist the contractor in its work on this project, MCPS may disclose to the contractor, either in writing or orally, records or information which MCPS deems to be proprietary and/or confidential (hereinafter, "Confidential Information"). To the extent that such Confidential Information includes personally identifiable information regarding students, staff, or others, separate data sharing provisions must be agreed to in writing prior to disclosure of any personally identifiable information to the contractor. Confidential Information shall be maintained in confidence during the contract and thereafter, except to the extent that it is required to be either disclosed or protected from disclosure by law, regulation or judicial or administrative process. The contractor shall use the Confidential Information solely for the purposes of the project. The contractor shall protect the Confidential Information from loss, theft, or disclosure using a commercially reasonable care commensurate with the

sensitivity of the Confidential Information that in no circumstances is less than the degree of care that the contractor uses to protect its own confidential information. The contractor agrees to assist MCPS in maintaining the privacy of MCPS' Confidential Information as may be required by all federal, state, and local laws, regulations, and ordinances applicable to the project including but not limited to the requirements listed above.

The contractor shall not authorize access to Confidential Information to any of its agents, affiliates, contractors, and subcontractors, or to any auditor, unless such agent, affiliate, contractor, subcontractor, or auditor has entered into a written confidentiality agreement with the contractor agreeing to protect the confidentiality and security of such Confidential Information. Such written confidentiality agreement shall be made available for inspection, upon demand, to MCPS.

The contractor shall not permit unauthorized access to the Confidential Information to any individual or entity at any time or provide Confidential Information to any person, party, or organization ineligible or prohibited from receiving such information pursuant to any federal, state, and local laws, regulations, and ordinances applicable to the project including but not limited to the requirements listed above.

In the event that the contractor is required by law, regulation or judicial or administrative process to disclose any Confidential Information, the contractor will promptly notify MCPS in writing, if permitted by law, prior to making any such disclosure in order to facilitate MCPS' seeking of a protective order or other appropriate remedy from the appropriate body. Should the proprietary or confidential status of any such information be disputed, the parties agree to work in good faith to reach a mutually satisfactory disposition.

Security of Confidential Information

The contractor shall implement and maintain a comprehensive data-security program in accordance with commercial best practices for the protection of Confidential Information, whether the Confidential Information is stored electronically and/or in hard copy. Such data-security program shall include, but not be limited to the following:

- a) Security policies for employees related to the storage, access, retention, transportation, and disposition of data containing Confidential Information:
- b) Reasonable restrictions on access to records containing Confidential Information, including access to any locked storage where such records are kept:

limited to passwords;

- d) Procedures for data recovery, incident response and processes, and business continuity processes and procedures;
- e) Encryption of Confidential Information if it is stored on laptops, or is being transmitted electronically;
- f) Protocols for regular backups that include retention of backup copies for such period of time as may be required by MCPS, or by federal or state laws; and
- g) Audit logs of its system on a secured server with restricted access to prevent tampering or altering of audit data.
- h) A process for reviewing policies and security measures at least annually.

The contractor certifies that it has implemented policies and procedures to protect against reasonably foreseeable unauthorized access to, or disclosure of, Confidential Information, and to prevent other reasonably foreseeable events that may result in substantial harm to MCPS. In addition, the contractor shall not, without the express prior written consent of MCPS, maintain or store Confidential Information outside of the United States.

Audit

MCPS reserves the right in its sole discretion to perform audits of the contractor at its sole expense to ensure compliance with terms of this Article 15. The contractor shall reasonably cooperate in the performance of such audits.

Security Breach

The contractor shall notify the MCPS project contact immediately of any breach or suspected data breach or loss, but in no event later than twenty-four (24) hours after the contractor learns of the suspected breach or loss. If the contractor becomes aware of a data security breach or loss, it shall cooperate with MCPS regarding recovery, remediation, and the necessity to involve law enforcement, if any. The contractor shall be responsible for performing an analysis to determine the cause of the breach or loss, and for producing a remediation plan in consultation with MCPS. The contractor shall provide notice to MCPS within twenty-four (24) hours of notice or service on the contractor, whichever occurs first, of any lawsuits resulting from, or government investigations of, the contractor's handling of the MCPS' Confidential Information, failure to follow security requirements, and/or failure to safeguard any other confidential information. In addition to any other remedies available to MCPS, at law or in equity, the contractor will reimburse MCPS in full for all costs incurred by MCPS in investigating and remediating any security breach caused in whole or in part by the contractor or the contractor's subcontractors.

The contractor shall use commercially reasonable efforts to mitigate any negative consequences caused to MCPS, or to a student, as the result of a security breach and to implement procedures to prevent the recurrence of a similar security breach.

Disposal and Return of Confidential Information

Except as specifically set forth by MCPS in writing, or as required by federal or state laws or regulations, upon the termination or expiration of the contract, or upon cessation or dissolution of the contractor's business operations, the contractor shall:

- a) Return all Confidential Information to MCPS;
- b) Erase, destroy, or render unreadable all Confidential Information in a manner that prevents its physical reconstruction through the use of commonly available file restoration utilities;
- c) Certify in writing that the actions set forth in this subsection have been completed on or before the agreed-upon deadlines set forth in any agreement entered into between the contractor and MCPS;
- d) Ensure that any transfer/migration of Confidential Information uses facilities and methods that are compatible with the relevant systems of MCPS or its designated third party; and
- e) To the extent technologically possible, ensure that MCPS will have access to the Confidential Information during any transfer of operations.

Nothing in this Article 15 shall supersede in any manner the contractor's obligations or the obligations of its subcontractors, affiliates, or agents pursuant to all federal, state, and local laws, regulations, and ordinances applicable to the project including but not limited to the requirements listed above., or the provisions of the contract concerning the contractor's obligations as a service provider to MCPS. Notwithstanding anything in the contract to the contrary, the provisions of this Article 15 shall survive the expiration or earlier termination of the contract.

ARTICLE 16. DOCUMENTATION AND COPYRIGHT

The contractor warrants that any materials provided by the contractor to MCPS are the sole and exclusive intellectual property of the contractor or that the contractor is licensed to use, reproduce, and distribute such materials. Notwithstanding the foregoing, collected data, analyses, and any analytical processes, programs, files, reports, and other publications developed as a contractual requirement are the sole property of MCPS. Programs shall be completely documented, including the file layout of tapes, disks, and so on.

MCPS may, at its sole discretion, waive title to any portion or to all data and analyses. MCPS has the sole right to copyright any process or program and may license its use by others for a fee or without charge.

ARTICLE 17. NOTICE OF DELAYS

Whenever the contractor has knowledge that any actual or potential situation, including, but not limited to, labor disputes is delaying or threatening to delay the timely performance of the work under this contract, the contractor shall immediately give written notice, including all relevant information, to the director of the Department of Materials Management.

ARTICLE 18. EXCUSABLE DELAYS

Except because of failures of subcontractors, the contractor shall not be considered to have failed in performance of this contract if such failure arises out of causes beyond the control and without the fault or negligence of the contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the contractor. If the failure to perform is caused by the failure of a subcontractor to perform and if such failure arises out of causes beyond the control of both the contractor and subcontractor and without the fault or negligence of either of them, the contractor shall not be deemed to have failed in performance of this contract unless (a) the supplies or services to be furnished by the subcontractor were obtainable from other sources; and (b) the director of the Department of Materials Management shall have ordered the contractor in writing to procure such supplies or services from such other sources, and the contractor shall have failed to comply reasonably with such order. Upon request of the contractor, the director of the Department of Materials Management shall ascertain the facts and extent of such failure; and if he shall determine that any failure to perform was occasioned by any one or more of the said causes, the delivery schedule shall be revised accordingly, subject to the rights of MCPS to invoke the termination article of this contract. As used in this article, the terms "subcontractor" and "subcontractors" mean subcontractor(s) employed at any level of the work being performed.

ARTICLE 19. MCPS PROPERTY

The use of MCPS property must be approved in advance by the director of the Department of Materials Management. Title to property leased with a purchase option shall pass to MCPS even though the option date is later than the contract period. Any payments required to acquire title are a contract cost. If MCPS has

agreed to provide property owned by it, the following special provisions shall apply:

- a) The amount of MCPS property to be furnished to the contractor may be increased or decreased by written direction of the superintendent of schools, and the contract price shall be adjusted to reflect the change pursuant to the stipulations of the "changes" article.
- b) The contractor shall insure all MCPS property in their possession or control and shall be liable to MCPS for the fair market value of any damage or loss to MCPS property, aside from that incurred by normal wear and tear. The contractor shall maintain the property in operating condition, with the cost being chargeable to the contract.
- c) All MCPS property shall be returned promptly upon completion of the contract or otherwise disposed of, as directed in writing by MCPS. All costs of shipment or disposal are a contract cost.
- d) Unless specifically stated otherwise in writing, MCPS property may be used only for the performance of this contract.
- e) Title to all MCPS property shall remain in the hands of MCPS at all times. Title to the property acquired by the contractor for use under the contract shall vest in MCPS upon delivery to the contractor.
- f) Any dispute concerning interpretation of the provisions of this article shall be subject to the stipulations of the "Disputes" article.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES

The contractor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. For breach or violation of this warranty, MCPS shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

ARTICLE 21. OFFICIALS NOT TO BENEFIT

No elected official or employee of Maryland, Montgomery County, or MCPS shall benefit from or receive any money as a result of this contract. Violation of this article will void the contract. The contractor shall pay MCPS any funds received by any official or employee, the contract will be terminated in accordance with ARTICLE 26, and MCPS shall seek appropriate legal remedy. This prohibition does not apply to contracts with an MCPS employee or elected official who contracted in their own name.

ARTICLE 22. EQUAL OPPORTUNITY

During the performance of this contract, the contractor agrees as follows:

- a) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, sex, or national origin. Such action shall include, but not be limited to, employment, grade improvement, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices of the provisions of this Equal Opportunity clause.
- b) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, sex, or national origin.
- c) The contractor will send to each labor union, or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice advising the labor union or workers' representative of the contractor's commitment under this Equal Opportunity clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

ARTICLE 23. COMPLIANCE WITH LOCAL LAWS

The contractor shall comply with all applicable laws, ordinances, and codes of Maryland and Montgomery County, as well as all applicable policies of the Board of Education and MCPS regulations issued by the superintendent of schools. Board of Education policies and MCPS regulations are available at this link: <http://www.montgomeryschoolsmd.org/departments/policy/>.

ARTICLE 24. CHANGES

The director of the Department of Materials Management may, at any time, by a written order and without notice to the sureties make changes within the general scope of the contract in any one or more of the following: a) specifications or statement of work and b) place of performance or delivery. If any such changes cause an increase or decrease in the cost of or the time required for the performance of this contract, whether changed or not changed by any such order, an equitable adjustment shall be made a) in the contract price or time of performance or both and b) in such other provisions of the contract as may be so affected; and the contract shall be modified in writing accordingly. Any claim by the contractor for adjustment under this article must be asserted within 30 days from the date of receipt by the contractor of the notification of change, provided, however, that if the director of the Department of Materials Management decides that the facts justify such action, the director may receive

and act upon any such claim asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes." However, nothing in this article shall excuse the contractor from proceeding with the contract as changed.

ARTICLE 25. DISPUTES

- a) Any dispute concerning a question of fact arising under this contract shall be disposed of by written agreement between the contractor and the contracting officer. Pending final decision of a dispute hereunder, the contractor shall proceed diligently with the contract performance.
- b) This "Disputes" clause does not preclude consideration of law questions in connection with decisions provided for in Paragraph a) above, provided that nothing in this contract shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

ARTICLE 26. TERMINATION FOR DEFAULT OR FOR CONVENIENCE OF MCPS

- a) The performance of work under the contract may be terminated by MCPS in accordance with this article in whole or, from time to time, in part:
 - (1) Whenever the contractor shall default in performance of this contract in accordance with its terms (including in the term "default" any such failure by the contractor to make progress in the prosecution of the work that would endanger such performance) and shall fail to cure such default within a period of ten days (or such longer period as the director of the Department of Materials Management may allow) after receipt from the superintendent of schools of a notice specifying the default:
 - (2) Whenever a "Bankruptcy Event" has occurred with respect to the contractor. A Bankruptcy Event means that either:
 - (a) the contractor has: (A) applied for or consented to the appointment of, or the taking of possession by, a receiver, custodian, trustee or liquidator of itself or of all or a substantial part of its property; (B) admitted in writing its inability, or be generally unable, to pay its debts as such debts become due; (C) made a general assignment for the benefit of its creditors; (D) commenced a voluntary case under any bankruptcy law; (E) filed a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, reorganization, winding up, or composition or readjustment of debts; (F) failed to controvert in a timely and appropriate manner, or acquiesced in writing to, any petition filed

against the contractor in an involuntary case under any bankruptcy law; or (G) taken any corporate or other action for the purpose of effecting any of the foregoing; or

(b) a proceeding or case has been commenced without the application or consent of the contractor in any court of competent jurisdiction seeking (A) its liquidation, reorganization, dissolution or winding-up or the composition or readjustment of debts or, (B) the appointment of a trustee, receiver, custodian, liquidator or the like of the contractor under any bankruptcy law, and such proceeding or case has continued undefended, or any order, judgment or decree approving or ordering any of the foregoing shall be entered and continue unstayed and in effect for a period of sixty (60) days; or

- (3) Whenever for any reason the Board of Education shall determine that such termination is in the best interest of MCPS.

Any such termination shall be effected by delivery to the contractor of a Notice of Termination specifying whether termination is for the default of the contractor or for the convenience of MCPS, the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective. If after notice of termination of this contract for default under (1) above and if it is determined for any reason that the contractor was not in default pursuant to (1) or that the contractor's failure to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of the contractor pursuant to the provisions of the clause of this contract relating to excusable delays, the Notice of Termination shall be deemed to have been issued under (3) above; and the rights and obligations of the parties shall in such event be governed accordingly.

- b) After receipt of a Notice of Termination and except as otherwise directed by the contracting office, the contractor shall:
- (1) Stop work under the contract on the date and to the extent specified by the Notice of Termination
 - (2) Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for completion of such portion of the work under the contract as it is not terminated
 - (3) Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination
 - (4) Assign to MCPS in the manner and to the extent directed by the director of the Department of Materials Management all of the rights, title, and interest of the contractor under the orders or subcontracts so terminated, in which case MCPS shall have the

right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts

- (5) With the approval or ratification of the superintendent of schools, to the extent he may require, which approval or ratification shall be final and conclusive for all purposes of this clause, settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, the cost of which would be reimbursable in whole or in part in accordance with the provisions of this contract
- (6) Transfer title to MCPS (to the extent that title has not already been transferred) and deliver in the manner, at the times, and to the extent directed by the director of the Department of Materials Management (a) the work in process, completed work, supplies, and other materials produced as a part of, or acquired in respect of the performance of, the work terminated by the Notice of Termination and (b) the completed or partially completed plans, information, and other property which, if the contract had been completed, would be required to be furnished to MCPS
- (7) Complete performance of such part of the work as shall not have been terminated by the Notice of Termination
- (8) Take such action as may be necessary, or as the director of the Department of Materials Management may direct, for the protection and preservation of the property related to this contract which is in the possession of the contractor and in which MCPS has or may acquire an interest

The contractor shall proceed immediately with the performance of the above obligations despite any delay in determining or adjusting the amount of the fee, or any item of reimbursable cost, under this clause.

- c) After receipt of a Notice of Termination, the contractor shall submit to the director of the Department of Materials Management their termination claim in the form and with the certification prescribed by the director. The claim shall be submitted promptly but in no event later than 90 days from the effective date of termination, unless one or more extensions in writing are granted by the director of the Department of Materials Management. Upon request of the contractor to submit their termination claim within the time allowed, the superintendent of schools may, subject to any review required by MCPS procedures in effect as of the date of execution of this contract, determine, on the basis of information available to them, the amount, if any, due to the contractor by reason of the termination and shall thereupon pay to the contractor the amount so determined.
- d) Subject to the provisions of Paragraph c) and subject to any review required by MCPS procedures in effect as of the date of execution of this contract, the contractor and the superintendent of schools may agree upon the whole or any part of the amount or amounts to be paid (including an

allowance for the fee) to the contractor by reason of the total or partial termination of work pursuant to this clause. The contract shall be amended accordingly, and the contractor shall be paid the agreed amount.

- e) If the contractor and the superintendent of schools fail to agree in whole or in part, as provided in Paragraph d), as to the amounts with respect to costs and fee or as to the amount of the fee to be paid to the contractor in connection with the termination of work pursuant to this article, the superintendent of schools shall, subject to any review required by MCPS procedures in effect as of the date of execution of this contract, determine, on the basis of information available to him, the amount, if any, due to the contractor by reason of the termination and shall pay to the contractor the amount determined as follows:

(1) If the settlement includes cost and fee:

- (a) There shall be included all costs and expenses reimbursable in accordance with this contract not previously paid to the contractor for the performance of this contract prior to the effective date of the Notice of Termination and such of these costs as may continue for a reasonable time thereafter with the approval of or as directed by the superintendent of schools, provided, however, that the contractor shall proceed as rapidly as practicable to discontinue such costs.
- (b) There shall be included so far as not included under (a) above the cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in Paragraph b) (5) above, which are properly chargeable to the terminated portion of the contract.
- (c) There shall be included the reasonable costs of settlement including accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination and settlement of subcontracts thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of termination inventory, provided, however, that if the termination is for default of the contract, there shall not be included any amounts for the preparation of the contractor's settlement proposal.
- (d) There shall be included a portion of the fee payable under the contract determined as follows: (i) If this contract is terminated for the convenience of MCPS and not for the default of the contractor, a percentage of the fee equivalent to the percentage of the completion of the work contemplated by the contract, less fee payments previously made, shall be paid. (ii) If this contract is terminated for the default of the

contractor, the total fee payable shall be such a proportionate part of the fee (or, if this contract calls for services of different types, of such part of the fee as is reasonably allowable to the type of service under consideration) as the total amount of service delivered to and accepted by MCPS bears to the total amount of services of a like kind called for by this contract. If the amount determined under this Subparagraph (1) is less than the total payment made to the contractor, the contractor shall repay the excess amount.

- (2) If the settlement includes only the fee, the amount will be determined in accordance with Subparagraph (1) (d) above.
- f) The contractor shall have the right of appeal, under the article of this contract entitled "Disputes," of any determination made by the superintendent of schools under Paragraphs c) and e) above, except that if the contractor has failed to submit their claim within the time provided in Paragraph c) above and has failed to request extension of such time, they shall have no such right of appeal. In any case where the superintendent of schools has made a determination of the amount due under Paragraph c) or e) above, MCPS shall pay to the contractor (1) if there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the superintendent of schools or (2) if an appeal has been taken, the amount finally determined on such appeal.
- g) If a partial termination is made, the portion of the fee which is payable with respect to the work under the continued portion of the contract shall be equitably adjusted by agreement between the contractor and the superintendent of schools; and such adjustment shall be shown by an amendment to this contract.

MCPS may from time to time, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the contractor in connection with the terminated portion of the contract whenever the aggregate of such payments shall be within the amount to which the contractor will be entitled. If the total of such payments is in excess of the amount finally determined to be due under this article, such excess shall be payable by the contractor to MCPS upon demand, together with interest computed yearly at the rate of nine percent (9%) from the date such excess payment is received by the contractor to the date on which such excess is repaid to MCPS. The provisions of this article relating to the fee shall be inapplicable if this contract does not provide for payment of a fee.

ARTICLE 27 ORDER OF PRECEDENCE

If any conflict in the interpretation of the requirements of this contract occurs, these general contracting articles shall govern, unless otherwise stated in the contract and as expressly agreed to by the parties in writing.

ARTICLE 28 SEVERABILITY

Should any portion of the contract be found illegal the remainder shall remain in full force and effect and shall be binding on both parties.

ARTICLE 29 BID PERFORMANCE BOND (not required)

With the proposal, each bid must be accompanied by an approved bid bond from a surety company acceptable to the Owner, or by a certified or cashier's check executed in favor of the Owner for not less than five percent (5%) of the total amount.

The bid bond shall be returned to all except the successful bidder within five (5) days after awards have been made. The bid security of the successful bidder(s) will be returned upon receipt of the performance bond.

ARTICLE 30. PERFORMANCE BOND (not required)

No contract shall exist until MCPS receives a duly executed Performance Bond prepared on an approved form in the amount of one hundred percent (100%) of the contract, made payable to MCPS as security for the faithful performance of the contract and having as surety thereon such surety company or companies as are acceptable to MCPS and as are authorized to transact business in the State of Maryland. In the event the Performance Bond is not delivered within ten (10) days of Notice of Award then the offer may be ruled null and void and the award shall be made to the next lowest responsive Offeror.

ARTICLE 31. NONAPPROPRIATION OF FUNDS

- (a) In the event sufficient funds are not appropriated for the payment of all payments required to be paid hereunder, and MCPS has no funds legally available for payments from other sources, then MCPS may terminate this contract at the end of the original term or the then current extension term, as the case may be, without penalty or expense to MCPS of any kind whatsoever, and MCPS shall not be obligated to make payment provided for in the contract beyond the then current term. MCPS agrees to deliver notice to the contractor of such termination at least thirty (30) days prior to the end of the then current fiscal year.
- (b) If this contract is terminated under this provision and to the extent lawful, MCPS covenants that it will not, until the date on which the original term or the next succeeding renewal term would have ended, expend, or commit

any funds for the purchase or use of services to be used for the same purpose as, or a purpose functionally equivalent to, those under the contract. Notwithstanding anything in this contract to the contrary, the provisions of this subpart shall survive termination of the contract.

ARTICLE 32. INDEPENDENT CONTRACTOR

The parties agree that the contractor is an independent contractor under this contract and will in no way be considered to be an agent, partner, joint venture or employee of MCPS. Accordingly, the contractor will not be entitled to any benefits, coverage, or other privileges made available to employees of MCPS. As an independent contractor, the contractor shall be solely responsible for any insurance protecting it and its employees, including but not limited to general comprehensive liability, worker's compensation, and business automobile insurance.

ARTICLE 33. INDEMNIFICATION AND INSURANCE

The contractor is responsible for any loss, personal injury, death, and any other damage (including incidental and consequential) that may be done or suffered by reason of, or occasioned wholly or in part by, its negligence, or any act, omission, or failure to perform any obligations under this contract. The contractor must indemnify and hold MCPS harmless from any loss, cost, damage and other expenses, including attorney's fees and litigation expenses, suffered or incurred due to the contractor's negligence, its performance or failure to perform any of its obligations under this contract, or its violation of any applicable legal requirement. In case any action or proceeding is brought against MCPS by reason of the foregoing, the contractor must reimburse MCPS the cost of defending such action or proceedings, or upon MCPS' written demand and at the contractor's sole cost and expense, the contractor must defend such action and proceeding by counsel approved by MCPS. The negligence of any agent, subcontractor or employee of the contractor is deemed to be the negligence of the contractor. For the purposes of this paragraph, MCPS includes MCPS doing business on behalf of the Board of Education, the Board of Education, and its officers, officials, agents, and employees. Nothing herein or any other provision of this contract shall be construed to abrogate, impair, or waive any defense, liability or damages limitation, or governmental immunity of MCPS pursuant to Maryland law, or otherwise. This provision shall survive termination or expiration of the contract.

The contractor shall be solely responsible for any insurance, including, but not limited to general comprehensive liability, worker's compensation, professional liability insurance, and business automobile insurance. The contractor agrees to provide certificates of insurance verifying the following coverage:

- (a) Comprehensive General Liability Insurance: Liability limits of not less than One Million Dollars (\$1,000,000.00) per occurrence for claims arising out of bodily injuries or death, and property damages, subject to a minimum limit of Three Million Dollars (\$3,000,000.00) aggregate. Such insurance shall include contractual liability insurance.
- (b) Comprehensive Business Automobile Liability Insurance: Liability limits of not less than One Million Dollars (\$1,000,000.00) per occurrence for all claims arising out of bodily injuries or death and property damages. The insurance shall apply to any owned, non-owned, leased, or hired automobiles used in the performance of the contract.
- (c) Worker's Compensation Insurance: Statutory coverage, including employer's liability coverage with a limit of at least One Hundred Thousand Dollars (\$100,000.00), as well as any similar coverage required for this work by applicable Federal or "other states" state law.
- (d) Professional Liability, Errors, and Omissions Insurance: Liability limit of not less than One Million Dollars (\$1,000,000.00) in the event the service delivered pursuant to the contract, either directly or indirectly, involves or requires professional services. "Professional Services" for the purpose of the contract shall mean any services provided by a licensed, certified, or otherwise documented professional.

MCPS doing business on behalf of the Board of Education, the Board of Education, and its elected/appointed officials, employees, departments, agencies, and agents shall be covered by endorsement, as additional insureds with respect to liability arising out of activities performed or to be performed by or on behalf of the contractor in connection with the contract.

The contractor's insurance shall apply separately to each insured against whom a claim is made and/or a lawsuit brought.

Insurance is to be placed with insurers with a Best's rating of no less than A:VII, or if not rated with Best's, with a minimum surplus the equivalent of Best's surplus size VII and must be licensed/approved to do business in the State of Maryland.

Certificates of Insurance: The contractor shall provide MCPS with certificates of insurance within ten (10) days of execution of the contract evidencing the coverages required above. The certificates shall confirm that MCPS has been made an additional insured under the respective insurance policies. The certificates of insurance shall provide that MCPS shall be given at least forty-five (45) days' prior written notice of any cancellation of, intention not to renew, or material change in such coverage. There will be an exception for non-payment of premium, which is ten (10) days' notice of cancellation.

The contractor must provide the certificates of insurance before commencing the work covered by this contract.

Failure to provide and continue in force such insurance as required above shall be deemed a material breach of the contract and shall operate as an immediate termination.

The contractor's insurance coverage shall be primary. Any insurance and/or self-insured program maintained by the Board of Education or MCPS and their respective elected/appointed officials, employees, departments, agencies, and agents shall not contribute with the contractor's insurance or benefit the contractor in any way.

Failure to obtain insurance coverage as required, or failure to furnish certificates of insurance as required, may render the contract null and void; provided, however, that no act of omission of the Board of Education or MCPS shall in any way limit, modify, or affect the obligations of the contractor under any provision of the contract.

ARTICLE 34. GOVERNING LAW

This contract shall be governed by and construed in accordance with the laws of the State of Maryland, without regard to conflicts of laws provisions. Sole and exclusive jurisdiction for any action or proceedings arising out of or related to this contract shall be in an appropriate state or federal court located in the State of Maryland.

ARTICLE 35. OBLIGATIONS REGARDING CRIMINAL RECORDS OF INDIVIDUALS ASSIGNED TO WORK IN MCPS FACILITIES

- 1. Prohibition against assigning registered sex offenders and individuals convicted of sexual offenses, child sexual abuse, and other crimes of violence to MCPS contracts:**

Maryland Law requires that any person who enters into a contract with a county board of education "may not knowingly employ an individual to work at a school" if the individual is a registered sex offender. Under § 11-722 of the Criminal Procedure Article of the Maryland Code, an employer who violates this requirement is guilty of a misdemeanor and, if convicted, may be subject to up to five years imprisonment and/or a \$5,000 fine.

Effective July 1, 2015, amendments to § 6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo

contendere to, a crime involving:

- a. A sexual offense in the third or fourth degree under § 3–307 or § 3–308 of the Criminal Law Article of the Maryland Code or an offense under the laws of another state that would constitute an offense under § 3–307 or § 3–308 of the Criminal Law Article if committed in Maryland;
- b. Child sexual abuse under § 3-602 of the Criminal Law Article, or an offense under the laws of another state that would constitute child sexual abuse under § 3-602 of the Criminal Law Article if committed in Maryland; or
- c. A crime of violence as defined in § 14–101 of the Criminal Law Article, or an offense under the laws of another state that would be a violation of § 14–101 of the Criminal Law Article if committed in Maryland, including: (1) abduction; (2) arson in the first degree; (3) kidnapping; (4) manslaughter, except involuntary manslaughter; (5) mayhem; (6) maiming; (7) murder; (8) rape; (9) robbery; (10) carjacking; (11) armed carjacking; (12) sexual offense in the first degree; (13) sexual offense in the second degree; (14) use of a handgun in the commission of a felony or other crime of violence; (15) child abuse in the first degree; (16) sexual abuse of a minor; (17) an attempt to commit any of the crimes described in items (1) through (16) of this list; (18) continuing course of conduct with a child under § 3-315 of the Criminal Law Article; (19) assault in the first degree; (20) assault with intent to murder; (21) assault with intent to rape; (22) assault with intent to rob; (23) assault with intent to commit a sexual offense in the first degree; and (24) assault with intent to commit a sexual offense in the second degree.

Each contractor is required to submit, following award of a contract, documentation confirming that its direct employees and those of any subcontractors and/or independent contractors assigned to perform work in a MCPS school facility under the contract meet this obligation. Additionally, the contractor must confirm that it continues to meet this obligation on an annual basis and/or when there are changes in the workforce that the contractor and/or its subcontractors use to perform the work required by the contract.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

2. **Required criminal background check process for certain individuals in the contractor's workforce:**

Under recent amendments to § 5-551 of the Family Law Article of the Maryland Code, each contractor and subcontractor shall require that any individuals in its workforce must undergo a criminal background check, including fingerprinting, if the individuals will work in a MCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children. The term "workforce" in this and the preceding section refers to all of the contractor's direct employees, subcontractors and their employees, and/or independent contractors and their employees that the contractor uses to perform the work required by the contract.

Fingerprinting for the criminal background check may be performed by the MCPS Office of Human Resources and Development, 45 W. Gude Drive, Rockville, MD 20850, or through another service approved by MCPS. Individuals fingerprinted by MCPS will be required to provide written consent, and MCPS will maintain copies of all records for criminal background checks performed by MCPS. If the contractor uses another service approved by MCPS, the results of the criminal background check must be provided to MCPS for record keeping. A list of MCPS approved fingerprinting agencies can be found on the Procurement Unit website at <http://www.montgomeryschoolsmd.org/departments/procurement>.

The contractor must take appropriate steps to promptly follow up on information identified in the criminal background check related to the sexual offenses, child sexual abuse offenses, and crimes of violence enumerated above, as well as any information regarding offenses involving distribution of drugs or other controlled substances, or any other criminal information identified by MCPS as warranting further explanation insofar as it may significantly affect the safety and security of MCPS students. If, after following up, the contractor believes that the individual is qualified and should be assigned to work (or continue to work) in a MCPS school facility, then the contractor will provide a written summary to MCPS justifying its recommendation. MCPS will rely on the contractor's summary to determine whether to accept the contractor's recommendation, and the contractor will be responsible for any consequences of a material misrepresentation in its written summary.

Once the contract is awarded, the contractor is responsible for implementing the background check process. An individual in the contractor's workforce may not begin work in a MCPS school facility on an assignment where the individual will have direct, unsupervised, and uncontrolled access to children, until: (a) the background check results for that individual have been received by MCPS; (b) the contractor certifies to MCPS that the individual has received training and/or reviewed informational materials, as appropriate, regarding recognizing, reporting, and preventing child abuse and neglect, consistent with the content provided in training for MCPS

employees; and (c) the individual obtains a MCPS identification badge. The badge will be issued by the MCPS Department of Safety and Security, 850 Hungerford Drive, Room 131, Rockville, MD 20850. Appointments are made by calling 301-279-3066. The contractor will be required to return all badges at the conclusion of the contract.

The criminal background check and badging process will be at the contractor's expense.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

ARTICLE 36. ENTIRE CONTRACT

The contract, including any contract documents duly executed by the parties at the commencement of the contract, is binding between the parties and constitutes the entire understanding between the parties regarding the subject matter of the contract and supersedes all prior or contemporaneous statements, understandings and contracts, whether oral or written, between the parties with respect to the subject matter of this contract. Any changes and additions hereto shall not become binding upon any party unless they are incorporated into a written contract amendment signed by both parties.

ARTICLE 37. ASSIGNMENT

The contractor shall not voluntarily or by operation of law, assign, or otherwise transfer, convey, or delegate, in whole or in part, its rights or obligations under this contract to any other entity or to any subsidiary of the contractor, without prior written consent from MCPS. Any attempted assignment, transfer, conveyance, or delegation without consent shall be void.

ARTICLE 38. RESPONSIBILITY FOR PAYMENT OF TAXES

The contractor shall be responsible for all federal and/or state tax, and Social Security liability that may result from the performance of and compensation for these services. MCPS assumes no responsibility for the payment of any compensation, wages, benefits, or taxes by, or on behalf of the contractor, its employees, and/or others by reason of the contract. The contractor shall defend, indemnify, and save harmless MCPS from and against any claims, costs, and/or losses whatsoever occurring or resulting from: (a) the contractor's failure to pay any such compensation, wages, benefits, or taxes; and/or (b) the supplying to the contractor of work, services, materials, or supplies in connection with or in support of the performance of the contract.
