Note: State-rated capacity and MCPS capacity may differ due to the method of calculating capacity for special education classes.

For MCPS calculations, please refer to the individual school calculations.

Smart Growth (Sm. Gr.): S = Stabilized; R = Revitalization; G = Growth; N = Non Growth

\* Schools with a date before 1986 underwent a renovation, not a full revitalization of the facility. Schools that were reopened but not fully revitalized or completely rebuilt, will be included in the assessments for future revitalization/expansion based on the year the school was originally opened. See Appendix K for more information.
