

COST PROPOSAL

A cost proposal must be prepared and submitted with your firm's project proposal. Your cost proposal must include total projected fees to be charged based on the requested services. Please refer to Section 3.0, Scope of Work, of this RFP for a complete description of services required of the successful consultant. The proposal should be detailed and complete in all respects.

If Montgomery County Public Schools (MCPS) were to decide to make significant changes to the scope of services from those requested, this cost proposal should provide sufficient itemized detail (e.g. hourly rates for staff) so that MCPS could determine the effect on the total proposed cost. Any fees for additional services would be by mutual written agreement. Once the consultant has been selected, the fees may be further negotiated but in no case would be higher than the cost contained in this proposal for the Scope of Work defined in the RFP.
