**Invitation For Bid #7120.7 DC, Elementary Mathematics Supplies**

**GENERAL CONDITIONS AND SPECIFICATIONS**

**GENERAL CONDITIONS**

**A. Intent**

The specifications contained herein are intended to cover the furnishing and delivery of mathematics supplies necessary to support our elementary and middle school mathematics curriculums. Deliveries are to be made to various Montgomery County Public Schools (MCPS) located within Montgomery County, Maryland.

**B. Delivery**

Delivery shall be required within 30 days after receipt by the successful bidder(s) of a purchase order issued and signed by the director of the Department of Materials Management, or an order placed by an authorized representative using the MCPS Purchasing Card.

**C. Awards**

It is the intention to award this contract to the bidder(s) submitting the most favorable unit prices with consideration being given to any previous performance for the MCPS Board of Education as to quality of service, acceptable merchandise, and with regard to the bidder(s)' ability to perform should it be awarded the contract. Awards may be made to one successful vendor submitting the lowest aggregate quotation on items of a similar nature or on an individual item basis. However, the Board reserves the right to make awards according to the best interests of the Montgomery County Public Schools. MCPS also reserves the right to delete items or add additional items or additional suppliers throughout the contract term.

**D. Contract Term**

The term of contract shall be for one year as stipulated on the Invitation For Bid. However, the contract may not begin until one day after approval by the Board of Education and will conclude as stated under the contract term. MCPS reserves the right to extend this contract at existing prices, terms and conditions for up to two additional, one (1) year terms. Written notice indicating MCPS' intention to pursue the extension of the contract will be issued to the successful vendor(s) 90 days prior to the expiration of the original contract. The vendor(s) shall have ten days from the date of notification to return the notice acknowledging its intent to accept or reject the extension. Once all responses are evaluated, MCPS staff may make a recommendation to the Board of Education to extend the contract or decide to rebid. If the contract is extended by the Board of Education a contract amendment will be issued.

12/7/2015 1:54 PM

**E. Provision For Price Adjustment**

Unit prices quoted herein are subject to price adjustment downward in accordance with decreases in prices announced by the manufacturer of the subject item any time prior to award. Recommendations for awards, however, shall be made based on the original bid submission only.

Subsequent to award, the unit prices quoted herein are subject to price adjustment upward or downward in accordance with increases or decreases announced by the manufacturer after the contract award. The successful bidder must notify the director of the Division of Procurement of any announced manufacturer's price reductions and give immediate benefit to MCPS in a proportionate amount.

Price increases will not be considered for the first 180 days of the contract. Thereafter the successful vendor must submit a written request for price relief. The request for a price increase shall include documentation from the manufacturer to verify the basis for such request. MCPS reserves the right to accept or reject the request as may be determined to be in the best interest of MCPS. Any orders received prior to a request for a price increase shall be honored at the original contract price. If a price increase is approved, a contract amendment will be issued.

**F. Descriptive Literature**

When bidding products other than the brand and model specified, bidders shall furnish with their bid proposal literature properly bound and labeled showing full illustrations and detailed specifications on items bid. The literature and specifications are to be arranged and labeled according to item sequence. The literature shall be clearly marked with the bid number, item number and company name. Vendors shall show the manufacturer's code and catalog number of the item offered. **Failure to submit marked descriptive literature may result in automatic disqualification.**

**G. Samples**

Samples are required prior to or at bid opening on all items unless bidding the specified brand and model, or when noted on item specifications as "Sample Required". Samples shall be separate from the bid response and shall be forwarded to MCPS Procurement Unit, Attn: Debra D. Crone Buyer I, 45 W Gude Drive, Suite 3100, Rockville, MD 20850. The outside of the sample package shall be marked "Samples" and identified with the bid number affixed to packaging.

Samples shall be of sufficient quantity to allow thorough testing of the product and shall be packaged in the same manner as they will be packaged during the contract term. Each individual sample submitted shall bear the name of the bidder, item number, bid number, and shall be carefully tagged or marked in a substantial manner. If samples are not properly marked, the samples may not be considered. (See Article XXIV of the General Stipulations and Instructions to Bidders). Failure to deliver samples as required will result in automatic disqualification.

**H. Brand Names**

Reference to brand names and code or model numbers in the attached specifications is offered as a point of reference in order for bidders to consider style, sizes, weights, and similar characteristics. The use of such brand names should not be interpreted as the exclusive brand desired. In the brand column state the brand name, code or model number on each item being offered, even if bidding the specified brand. If a brand and code, or model number is not shown, the bid may not be considered.

If an item specification shows code or model numbers that have been discontinued, the bidder shall so state and indicate the current code or model number.

**I. Interpretation of Specifications**

The commodities listed are specified to meet our minimum requirements. Therefore, vendors are informed that they must provide the items in conformance to quality standards equal to the brand specified.

**J. Deviations**

All bids meeting the intent of the invitation will be considered for award. Bidders offering and quoting on substitutions or who are deviating from the terms, conditions, and/or specifications shall list such and explain fully in the Deviations column and on a separate sheet to be submitted with its bid. The absence of such a sheet shall indicate that the bidder has taken no exception and shall be held responsible for performing in accordance with the terms, conditions and specifications as stated herein.

In certain instances quantities per package are stated in the item specification. If a bidder's quantity per package differs from the specification, the bidder shall state such in the Deviations column.

**K. Quotations**

No bidder will be allowed to offer more than one price on each item even though it may feel that it has two or more types of styles that will meet specifications. Bidders must determine for themselves which to offer. If said bidder should submit more than one price on any item, all prices for that item will be rejected. However, this stipulation does not preclude the offering of new products that do not meet specifications in every respect from being offered as a separate item for consideration for future bids. Such product should be identified as a new product and a brief explanation written as a part of the offer detailing the advantages, which can normally be expected of this product over the product specified.

A bidder may restrict its bid to consideration in the aggregate by so stating, but shall name a unit price on each item bid upon. Any bid in which the bidder names a total price for all the articles without quoting a price on each and every separate item may be considered informal. If there is any discrepancy between the unit cost and total cost, the unit cost shall prevail. This solicitation shall be valid for acceptance during a period of no less than 90 days from date of opening. Once the contract is approved, terms and conditions of the solicitation shall prevail throughout the contract period.

**K. Quotations (Continued)**

Bidders shall submit their response on the spreadsheet. Directions for completing the spreadsheet are provided on Attachment A, the last page of the yellow contract pages. Vendors without the capability of providing price, brand, and model information on a CD, shall enter the information on the Item Specification pages included in the bid package.

This solicitation shall be valid for acceptance during a period of no less than 90 days from date of opening. Once the contract is approved, terms and conditions of the solicitation shall prevail throughout the contract period.

**L. Warranty**

The supplier warrants the items delivered to be of the highest quality, complying with specifications and free from all defects whatsoever in both workmanship and materials. The supplier agrees that any replacements made necessary because of such defects will be made promptly at no cost and to the satisfaction of MCPS.

**M. Product Protection Guarantee**

The Cod of Federal Regulations (CFR) provides consumers with protection against suppliers in regard to product safety. The code states that the supplier whose name and address appear on the product package is the responsible party in the event a received product is in violation of federal safety regulations. Contractors are expected to take immediate action to correct any situation in which product integrity is violated.

**N. Quantities**

Quantities in this request are based upon prior usage and are subject to change and are dependent upon current requirements of MCPS and on budgetary limitations. However, MCPS shall not be obligated to purchase any specific quantity. Orders will be placed from time to time throughout the contract term for delivery to individual locations.

**O. Tolerances**

For the purpose of this bid and the attached specifications, the following tolerances may be applied to noncritical dimensions as determined by the Board of Education: plus or minus up to one inch on heights, widths, depths, and lengths of any item described.

**P. Safety Standards**

All items supplied shall be in compliance with applicable Federal and State safety standards.

**Q. Contractors' Obligation Regarding Criminal Records of Individuals Assigned to Work in MCPS Facilities**

Beginning July 1, 2015, all MCPS contracts must include the following provisions:

**I. Prohibition against assigning registered sex offenders and individuals convicted of sexual offenses, child sexual abuse, and other crimes of violence to MCPS contracts:**

Maryland Law requires that any person who enters into a contract with a county board of education "may not knowingly employ an individual to work at a school" if the individual is a registered sex offender. Under § 11-722 of the Criminal Procedure Article of the Maryland Code, an employer who violates this requirement is guilty of a misdemeanor and, if convicted, may be subject to up to five years imprisonment and/or a \$5000 fine.

Effective July 1, 2015, amendments to § 6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:

- a) A sexual offense in the third or fourth degree under § 3-307 or § 3-308 of the Criminal Law Article of the Maryland Code or an offense under the laws of another state that would constitute an offense under § 3-307 or § 3-308 of the Criminal Law Article if committed in Maryland;
- b) Child sexual abuse under § 3-602 of the Criminal Law Article, or an offense under the laws of another state that would constitute child sexual abuse under § 3-602 of the Criminal Law Article if committed in Maryland; or
- c) A crime of violence as defined in § 14-101 of the Criminal Law Article, or an offense under the laws of another state that would be a violation of § 14-101 of the Criminal Law Article if committed in Maryland, including: (1) abduction; (2) arson in the first degree; (3) kidnapping; (4) manslaughter, except involuntary manslaughter; (5) mayhem; (6) maiming; (7) murder; (8) rape; (9) robbery; (10) carjacking; (11) armed carjacking; (12) sexual offense in the first degree; (13) sexual offense in the second degree; (14) use of a handgun in the commission of a felony or other crime of violence; (15) child abuse in the first degree; (16) sexual abuse of a minor; (17) an attempt to commit any of the crimes described in items (1) through (16) of this list; (18) continuing course of conduct with a child under § 3-315 of the Criminal Law Article; (19) assault in the first degree; (20) assault with intent to murder; (21) assault with intent to rape; (22) assault with intent to rob; (23) assault with intent to commit a sexual offense in the first degree; and (24) assault with intent to commit a sexual offense in the second degree.

Each contractor is required to submit, following award of a contract, documentation confirming that its direct employees and those of any subcontractors and/or independent contractors assigned to perform work in a MCPS school facility under the contract meet this obligation. Additionally, the contractor must confirm that it continues to meet this obligation on an annual basis and/or when there are changes in the work-force that the contractor and/or its subcontractors use to perform the work required by the contract.

**Q. Contractors' Obligation Regarding Criminal Records of Individuals Assigned to Work in MCPS Facilities (Continued)**

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

**II. Required criminal background check process for certain individuals in the contractor's workforce:**

Under recent amendments to § 5-561 of the Family Law Article of the Maryland Code, each contractor and subcontractor shall require that any individuals in its work-force must undergo a criminal background check, including fingerprinting, if the individuals will work in a MCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children. The term "work-force" in this and the preceding section refers to all of the contractor's direct employees, subcontractors and their employees, and/or independent contractors and their employees that the contractor uses to perform the work required by the contract.

Fingerprinting for the criminal background check may be performed by the MCPS Office of Human Resources and Development, 45 W. Gude Drive, Rockville, MD 20850, or through another service approved by MCPS. Individuals fingerprinted by MCPS will be required to provide written consent, and MCPS will maintain copies of all records for criminal background checks performed by MCPS. If the contractor uses another service approved by MCPS, the results of the criminal background check must be provided to MCPS for record keeping. A list of MCPS approved fingerprinting agencies can be found on the Procurement Unit website at <http://www.montgomeryschoolsmd.org/departments/procurement>.

The contractor must take appropriate steps to promptly follow up on information identified in the criminal background check related to the sexual offenses, child sexual abuse offenses, and crimes of violence enumerated above, as well as any information regarding offenses involving distribution of drugs or other controlled substances, or any other criminal information identified by MCPS as warranting further explanation insofar as it may significantly affect the safety and security of MCPS students. If, after following up, the contractor believes that the individual is qualified and should be assigned to work (or continue to work) in a MCPS school facility, then the contractor will provide a written summary to MCPS justifying its recommendation. MCPS will rely on the contractor's summary to determine whether to accept the contractor's recommendation, and the contractor will be responsible for any consequences of a material misrepresentation in its written summary.

Once the contract is awarded, the contractor is responsible for implementing the background check process. An individual in the contractor's work-force may not begin work in a MCPS school facility on an assignment where the individual will have direct, unsupervised, and uncontrolled access to children, until: (a) the background check results for that individual have been received by MCPS; (b) the contractor certifies to MCPS that the individual has received training and/or reviewed informational materials, as appropriate, regarding recognizing, reporting, and preventing child abuse and neglect, consistent with the content provided in training for MCPS employees; and (c) the individual obtains a MCPS identification badge. The badge will be issued by the MCPS Department of Safety and Security, 850 Hungerford Drive, Room 131, Rockville, MD 20850. Appointments are made by calling 301-279-3066. The contractor will be required to return all badges at the conclusion of the contract.

**Q. Contractors' Obligation Regarding Criminal Records of Individuals Assigned to Work in MCPS Facilities (Continued)**

The criminal background check and badging process will be at the contractor's expense.

Violation of this provision is a material breach of contract for which MCPS may take appropriate action up to and including termination of the contract.

**R. Catalogs**

Each bidder is required to forward with its quotation one "certified" copy of latest price lists, catalogs or supplements thereto. The catalogs and price lists shall show the Bid number and applicable percent of discount offered to Montgomery County Public Schools for the term of the contract. The discount offered and any terms that apply shall be shown on the appropriate commodity listed in the item specifications.

**PRICES SHOWN IN THESE CATALOGS, SUPPLEMENTS OR LISTS SHALL BE EFFECTIVE DURING THE ENTIRE TERM OF CONTRACT.**

If the bidder anticipates that the catalog submitted with its bid may be superseded by a new catalog showing new prices during the term of this contract, then the proposal shall state the expected date the Procurement Unit will receive the new catalog. Otherwise the catalog prices submitted with this bid shall be considered firm for the entire contract term.

All terms, conditions, discounts, exclusions, etc. shall be clearly stated on the bid proposal. The absence of any such statements shall be interpreted to mean the discounts will be applicable to the entire catalog.

Upon receipt of notification of award, successful bidders may be requested to provide 200 current catalogs delivered to MCPS Supply and Property Management, Supply Warehouse, 502 North Stonestreet Avenue, Rockville, Maryland 20850. The cover of each catalog shall be affixed with a label stating the bid number, discount offered, contract terms and delivery terms. Catalogs shall be provided within two weeks of notification.

**S. Customer References**

Bidders are required to provide three references. The references shall have company name, contact person, address and phone number of three current customers for which a contract for similar size and products has been provided. If the reference information is not accurate and MCPS cannot contact the person(s) named the bid may not be considered.

Faulkner, Buyer I, in the Division of Procurement at 301-279-3555, to verify whether addenda/errata have been issued. Failure to provide the signed acknowledgement of the addenda/errata may result in the bid being deemed non-responsive.

V. Submission of Bids

**One original and one copy of the bid are requested. The cover page of each copy must be clearly marked original or copy. Bidders may wish to reproduce and retain an additional copy.**

W. Inquiries

Inquiries regarding this solicitation shall be submitted in writing, to Debra D. The Board of Education will not be responsible for any oral or telephone explanation or interpretation. Vendor contact with any other MCPS employee regarding this solicitation before the contract is awarded by the Board of Education will be considered by MCPS as an attempt to obtain an unfair advantage and result in non-consideration of its bid.
