High School Edition
Conflict Scene #1

DIRECTIONS: Create a film of 60 seconds or less of the following scenario:

Scenario: Somebody is in your way . You ask them to please move and they don't respond.

Guidelines:

- 60 seconds or less
- All action must take place within 10 feet of your location
- No physical violence

Be considerate of other groups nearby.

"Quiet on the set" is what the professionals say to quiet those around them. These four words are taken very seriously on movie sets and will be used in the same manner in this class. When you finish filming a take, say, **"Cut,"** so other groups know they can resume talking.
