

LIGHTS, CAMERA, MEDIA LITERACY!

Grandparent Storytelling Project

In honor of Grandparents Day...

Celebrate your grandparents (or older persons in your life) by asking them to tell you stories of when they were young.

Choose your favorite of these stories to retell in class.

Remember...

This story must have a problem with obstacles and a resolution. You may embellish the story to increase interest.

Practice! Practice! Practice!

You will be sharing your story with the class on

_____.

You may either tell your story live in class or film your story ahead of time to show in class.

If you film your story, the camera must be on you the entire time and must be filmed without stopping. Do not edit the footage.

You will be evaluated on:

The story
Face, gestures, body position(s)
Voice (expression, pacing, fluency, emphasis, projection)
Eye Contact (audience or camera)
