LIGHTS, CAMERA, MEDIA LITERACY!
"ME AND MEDIA" CD CASE

Create a CD insert that reflects who you are!

Directions:

1) Measure the front of a closed CD case.

2) Cut 2 papers just a slight bit smaller than these measurements, so that one paper can easily be inserted into the front of your case and the other paper can easily be inserted on the back of the case.

3) On one paper, design a **front cover** with:
your full name
the title of your "CD"
and
a drawn picture or a photograph of yourself.

4) On the other paper, design **a back cover** with:
10 creative "song" titles
that tell information about you and your interests
