

Lights, Camera, Media Literacy!

Computer Animation Project

*Imagine your production group meeting people close to your age who:
...do not travel more than seven miles from their place of birth
... do not have the media of the last 500 years
... do not speak English*

Create a short computer-animated film to show this first meeting.

Pre-Production Tasks

- ___1. On paper, sketch simple concept art for your scenes.
- ___2. As a group, choose the concept art you will use.
- ___3. Create storyboards of the different scenes.
- ___4. Write voice-overs and dialogue to be used.

In-Production Tasks

- ___5) Create your visuals, using *Animation-ish*. (Make sure to save!)

Post-Production Tasks

- ___6) Import your animated scenes into your computer's editing program.
- ___7) Record voice-overs and dialogue.
- ___8) Add visual effects.
- ___9) Add sound effects.
- ___10) Add a title.
- ___11) Add credits.
- ___12) Add original or copyright-free music.
